Press release

Two "IT Champion" Awards for ABC Data!

IT Reseller, an IT website and magazine dedicated to resellers and integrators, announced the winners of the "IT Champion 2018" competition. The "Distributor of the Year" award went to ABC Data. What's even more, the title of the "VAD Distributor of the Year" went to S4E. Thus, the two main prizes in the IT distribution category went to ABC Data Group.

Without a doubt, it was a true champion evening. The name of the event, "Champions of new technologies - IT Champion 2018", speaks for itself. The ceremony, held on Tuesday evening on June 12 at the Hard Rock Cafe in Warsaw, gathered the most important representatives of the Polish IT industry. During an official prize giving ceremony held by IT Reseller, an industry magazine and website, the winners of the "IT Champion 2018" poll were announced. ABC Data Group was among the awarded companies. It received two "IT Champion" statuettes. ABC Data was voted the Distributor of the Year. On behalf of the company, the award was collected by Andrzej Kuźniak, Vice-President of the Management Board of ABC Data.

I have no doubt that this and other awards we regularly receive are a fruit of almost thirty years of ABC Data's contribution in the development of the IT market and reseller companies in Poland. For many years we've been setting trends and supporting the companies cooperating with us. We'll continue to do so, because it's our Partners and Clients that matter the most - says Andrzej Kuźniak - *ABC Data perfectly knows the reseller channel in Poland and in the CEE region and the companies that form it know ABC Data. Our clients perfectly know that they can count on us, regardless of the situation. The size of the company does not matter, because at ABC Data we care both about small and large clients. Such an approach pays off* - adds the Vice-President of the Management Board of ABC Data.

In turn, the title and statuette of the "IT Champion 2018" in the "Value Added Distributor" category went to S4E. The company is the "VAD branch" of ABC Data and one of the leading Polish VAD distributors. On behalf of the company, the statuette was collected by Arkadiusz Możdżeń, Member of the Management Board of S4E. Thus, during the "IT Champion" award ceremony, two main prizes in the IT distribution category went to ABC Data Group. This is the best confirmation of the Group's position in the Polish IT industry, as well as of the trust and respect that our clients and representatives of the industry media have for us.
